

# "Before "U" Divorce Workshop

## *The Goal*

In the emotionally-charged atmosphere of a marriage crisis, there is little thought given to the after effects of a decision to separate or divorce especially as it relates to children. The ***Before "U" Divorce (B.U.D) Workshop*** helps to cut through the emotion to communicate a sobering and realistic picture of the consequences of divorce.

Six compelling sessions will walk you through the effects divorce will have on the key areas of your life:

- Emotional
- Physical
- Financial
- Legal
- Children and family
- Spiritual

Most importantly, The ***B.U.D. Workshop*** points you to forgiveness and reconciliation. **Contact us for details on upcoming Workshops.**
